LANGUAGE

- English
- Tamil
- Hindi (basic)

EXPERTISE

- Technical Proficiency
- Project Development Skills
- Problem-Solving Skills
- Innovation & Initiative
- Effective Communication Skills
- Leadership

EXPERIENCE

Since I am currently pursuing my degree, I have gained valuable experience through hands-on projects and competitions during my time in college. Key experiences include:

Achievements in Coding and Presentation Competitions:

Participated in and won several prestigious events across multiple colleges:

Code Debugging:

- 2nd Prize at J.J. Engineering College
- 1st Prize at Anna University, Trichy
- 1st Prize at K. Ramakrishna College of Engineering

Paper Presentation

- 1st Prize at Anna University, Trichy
- 3rd Prize at K. Ramakrishna College of Technology

Hackathon Participation:

Presented the concept for "Quick Shop" at a hackathon, showcasing a platform for real-time product availability in local stores, which strengthened my skills in ideation and problem-solving.

EDUCATION

B.E. in Computer Science Engineering (In Progress)

M.I.E.T Engineering College Trichy

Higher Secondary Certificate (HSC) 2018-2019

Anjuman Matriculation Higher Secondary School

SKILLS SUMMARY

Problem solving	<div></div>	78 %
Communication skills	<div></div>	81 %
